

DEPAUL UNIVERSITY

Neighborhood Parking Program

2009/10 Regulations for Area Residents

RESIDENT ELIGIBILITY: Residential boundaries for the purchase of a permit will be: Altgeld on the north; Armitage on the south; Halsted on the east; and Wayne on the west. Proof of residency is required at the time of permit purchase. Limit one per household. The university reserves the right to change, at any time, the conditions set forth in this document.

PERMIT HOURS: Area residents will be issued a special "Area Resident" hang tag, which must be displayed in accordance with University regulations, as well as an access card for Clifton garage parking. (Note: Area residents that received an access card last year should bring it with them to renew the privilege for 2009/10.) Area residents are allowed to park with these hang tag permits in any **student** surface lot or in the Clifton garage* from **4 p.m. to 8:00 a.m., Monday through Friday, and all day on Saturday and Sunday.** **All vehicles must be out of the surface lots and Clifton garage by 8:00 a.m., Monday - Friday or they are subject to immediate tow at the owner's expense.** (*A valid access card is needed to gain access to the Clifton garage. These hours are subject to change if necessary)

PARKING AVAILABLE FOR RESIDENTS: The following student surface lots are available for residents for the year 2009/10: Lot A off of Fullerton/Racine, Lot L at Montana and Sheffield, and Lot F just off the alley between Sheffield and Kenmore. Area residents can only park in **student** surface lots and the Clifton parking garage during the hours designated.

DRIVER RESPONSIBILITY: Automobiles must be operated and parked in a manner that assures the safety of other vehicles and pedestrians on the lot. Parking is permitted in marked stalls only. Responsibility for finding legal parking stalls rests with the vehicle operator. Lack of parking spaces, mechanical problems, inclement weather or other disabilities does not justify parking violations.

PERMIT DISPLAY: It is the vehicle owner's responsibility to display the permit in accordance with the University parking regulations. The issued "hang tag" permit must be hung from the rear view mirror (registered number forward) at all times when the vehicle is parked on University property, including the garages, in such a manner as to be readily seen from the front of the vehicle. A parking permit is not considered valid unless it is displayed correctly on the vehicle.

ENFORCEMENT: General enforcement will be in place 24 hours a day, 7 days a week, during the academic school year. The Public Safety and Parking Services Offices are authorized to remove, at the owner's expense, any vehicle not displaying the permit, or in the lots or Clifton Parking Deck between 8:00 a.m. and 4 p.m. The Public Safety and Parking Services Offices are authorized to remove from the University property, without warning, any motor vehicle under the following circumstances: an abandoned vehicle; a vehicle parked in a fire lane or blocking a drive; a vehicle displaying a reported lost or stolen, forged, or altered parking permit; a vehicle illegally parked in a handicap space.

LOT CLOSURE: From time to time, a special event may dictate the closure of a certain parking lot or garage. In this case, a sign will be prominently posted no less than 24 hours in advance of the event. Every effort will be made to contact permit holders prior to the event to avoid towed relocation of the vehicle. During the summer months, any and all lots are subject to closure depending on the needs of the University.

SNOW REMOVAL: After or during snowfall of 2" or more, all surface lots are closed for snow removal from 10 p.m. until 7 a.m. All vehicles must be removed from all lots. Also all the vehicles parked on the top levels of the garages must be removed to clear snow.

VEHICLE ACCIDENT: Vehicle accidents occurring on University property must be immediately reported to the Public Safety Office.

LOST OR STOLEN PERMITS: The theft or loss of a parking permit or access card should be reported to the Parking Services Office promptly after discovery. After a report has been filed, a lost or stolen permit will be replaced for a \$20.00 fee. The cost to replace a lost or stolen access card is \$15.00. Recovered lost or stolen permits should be returned to the Parking Services Office immediately.

REVOCATION: The parking permits and their privileges remain the property of the University. A person who obtains a parking permit in violation of University parking regulations, or incurs multiple parking violations during the academic year, may have his/her parking permit and/or access card revoked by University Parking Services.

LIABILITY: No liability is created by the granter of parking or vehicle operating privileges on property owned, leased, or otherwise controlled by DePaul University. The University assumes no responsibility for the care and/or protection of vehicles or its contents while operated or parked on University property. The University Public Safety Office, however, does make regular tours of all parking facilities.
